

An Impromptu Saturday Morning Cruise

Our impromptu drive on Saturday, July 24th started by meeting at the Starbucks location at 2403 Maple Road, just two blocks south of the intersection of 17 Street and the Whitemud Freeway. Our group of sports cars included Doug Rolls in his BMW Z4, Bob and Zach Small in their two MGBs, Doug McDougall in his 2019 U-built 1967 Lotus 7 Replica, my good friend Norman Hendry in his two seater high performance works Austin Healey BT7, and yours truly in my '67 Austin Healey BJ8. We decided to take a nice drive through Beaumont and south to Wetaskiwin and the Reynolds Alberta Museum.

Mustering at Starbucks - Left to Right: Bob Small and his red MGB, Doug Rolls and his BMW Z4, Zach Small and his yellow MGB, John Page's Austin Healey BJ8, Doug McDougall and his 2019 U-built 1967 Lotus 7 Replica, and Norman Hendry and his two seater high performance works Austin Healey BT7.

We joined Jonathan Smethurst and another four cars from the "Edmonton Let's Cruise" group who had planned a photo opportunity with the air museum attached to the Reynolds Alberta Museum. The weather was perfect and meeting more car enthusiast friends was excellent. Along with Jonathan's beautiful dark blue Jaguar S-Type R, their group brought a 700 HP modern Camaro, a beautiful black new Dodge Challenger, a silver Nissan 370 ZX and a brown C-3 Corvette. Over a two hour session we all had photos with individual cars parked beside the historic jet airplanes displayed outdoors and then group shots in front of the huge 1952 Bristol Type 190 Freighter and then one of the big draglines. Thanks to Garret Kolmatycki of "Edmonton Let's Cruise" Facebook Group for allowing us to participate in the fun photo session!

John Page

Above Lineup (L to R): Includes a brown C-3 Corvette, a white 700 HP modern Camaro, a beautiful black new Dodge Challenger, Doug Rolls' BMW Z4, Doug McDougall's 2019 U-built 1967 Lotus 7 Replica, Norman Hendry's high performance Austin Healey BT7, a silver Nissan 370 ZX, Jonathan Smethurst's dark blue Jaguar S-Type R and John Page's Austin Healey BJ8.
