

ECSCC's Spring Kick-Off Barbecue

The ECSCC's Kick-Off Event of 2022, the Spring BBQ, was held on Sunday, March 20th at Emily Murphy Park in south central Edmonton. This is the first time since Spring 2019 that we have been able to hold this event. Despite a bleak weather forecast that called for 10-20 cm of heavy, wet Spring snow and a measly high of just +2, over 20 hardy souls braved the elements and gathered at picnic shelter #1 for our first meet-up of the year. Hosts Rolly Burton (Red Spitfire) and Stuart Serediuk (Red MGB) grilled up a delicious spread of Angus Beef burgers with all the fixin's, including a generous helping of swiss cheese and a side of baked beans. Several other members brought some greatly appreciated dessert cookies and cupcakes.

Stuart & Susan manning the BBQ.

Pat and Shaunna Mireau (Mazda MX5) were the official starters & keepers of the Fire Pit fire. Thanks Pat and Shaunna for helping to keep everyone warm.

Despite the rather depressing weather prediction, the snow and wind actually let up quite

nicely as the BBQ got underway. The only classic car that made the trek was Chris Bamford's 1947 Dodge. When Chris was asked why he didn't bring his 1924 Ford Model T Speedster, he humourously mentioned that he was coming with either his wife, Michelle or his Model T.

For new members Tony Hubert and Melissa Huston (Yellow Triumph TR6), this was their introduction to the club and many of the members. Welcome Tony and Melissa! Tony will be flying to New Brunswick in early May to arrange the shipping of his newly restored TR6 back to Alberta. It turns out that his very dear friend from back home arranged to have the TR6, which Tony has had for over 30 years, restored for him as a surprise birthday present. That's an awesome gift Tony and we are looking forward to seeing it in upcoming club events and ice cream runs this year.

It looks like Spring is finally starting to settle in and that means we start to wake our sports cars up from their long winter slumber. Hopefully the streets clear up soon.

See you at the next of many events that we'll be having in 2022!!

Stuart Serediuk
